Daniel Robert Rasmussen

SUMMARY

As a ten year business professional, I have switched gears and begun my transition towards a software engineering career. To meet this objective, I completed a twelve week immersive course that included 70+ hours per week of coding/architecture, including five projects using agile development practices.

RELEVANT SKILLS

LANGUAGES
Javascript, Ruby, SQL

TOOLS
Angular.js, Node.js, Express, Rails, PostgreSQL

EXPERIENCE

General Assembly, Seattle, Washington   2016
